Designs

Once our pavilions have been designed and engineered, they are then handcrafted using the finest materials and attention to the smallest details. Choose from a variety of styles, colors, and sizes to create the pavilion of your dreams.

Manor pages 2-5

Expand your outdoor living space with our vinyl Manor Pavilion. All load-bearing structural components are premium grade southern pine encased in heavy-duty vinyl.

Hampton pages 6-7

Like the Manor, the vinyl Hampton is constructed from yellow pine encased with vinyl. The Hampton design adds 10" tapered vinyl columns, 12" overhang, and a continuous arched header beam for a graceful appearance.

Keystone pages 8-9

For those looking for a rustic look and feel, the Keystone, with its wood construction is a great choice. The Keystone is crafted using hand-selected premium grade yellow pine. Glulamined 5x5 posts, decorative corner braces, and heavy timber beams ensure that it's built to withstand high winds and heavy snow loads.

Your dream pavilion awaits you!
