Dog Approved Housing

Welcome...

Your dogs are important. You understand the needs and time that is needed to grow healthy and happy puppies.

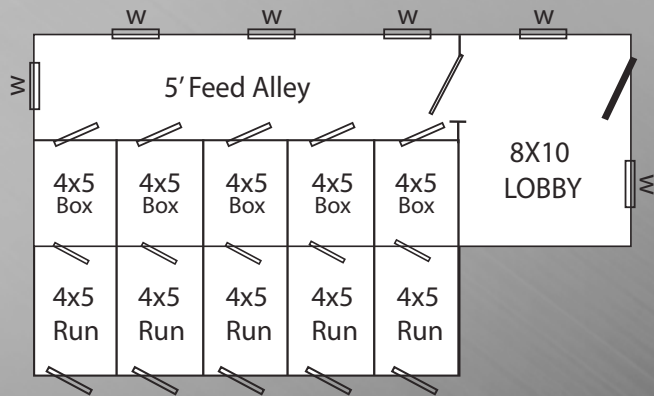

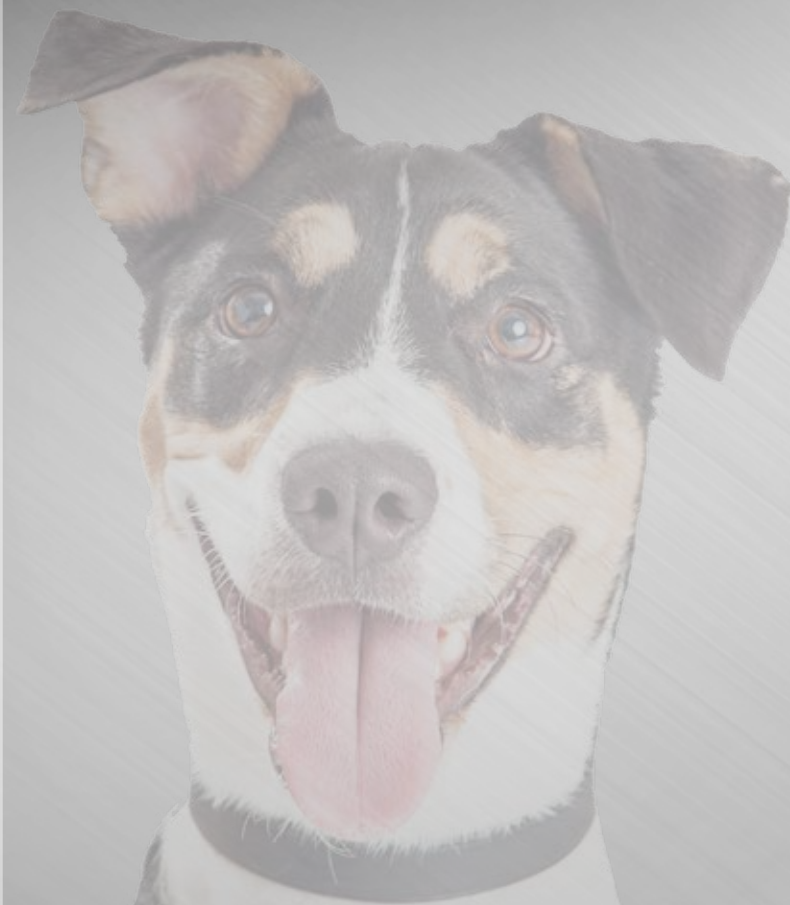

We want to aid you in providing the best housing possible for your dogs and puppies.

Caring well for each dog is time consuming and we have developed systems and layouts that save time for you and provide safer and healthier housing for the dogs.

From easy wash surfaces, heated floors and air conditioning, to easy watering systems, we have what you need for your dogs.

Custom kennels are another of our specialties. We know that everyone has unique needs and we cater to making the kennel work for you.

Our craftsmanship and quality construction will provide years of performance and satisfaction.
