

KINZEBILT

"Not the Ordinary"

QUALITY OUTDOOR PLAYSETS

WHY BUY A “KINZEBILT” SWING

1. Children love to climb, slide, swing, crawl through or over things, shout and pretend they are grownup. Children can pretend to fly a helicopter, drive a dump truck, or dig with a bulldozer. Our playsets help them with imagination, exercise, and just getting some fresh air.
2. With our unique playsets that can be fully customized, we create “not the ordinary.”
3. We only use #1 or better pressure-treated southern yellow pine, milled on all 4 sides, with rounded corners, (to reduce the chance of splinters) and for a nice smooth finish.
4. We believe the strength of the structure starts with the part you hardly see and don't think about. Our first level floors have 16" on center (or less), ground contact treated 2x4 joists to create a solid foundation for the structure.
5. We use stainless steel or powder coated bolts, washers, nuts, lag bolts, swing beam plates, and swing hangers for a longer lasting product, and to eliminate rust spots.
6. We have a large selection of stain colors to choose from. We use a solid color stain that has a 15 year siding and 5 year deck warranty.
7. With a little care and maintenance, these structures should last between 15 to 20 years.
8. All our structures are guaranteed for 5 years against defects in manufacturing and workmanship. Acts of nature, normal wear and tear, failure to properly maintain, damage from misuse and natural checking of the wood are not covered.

LANCELOT CASTLE

#2200

Open area needed 32' w x 14'd x 11'h

Adult supervision is recommended anytime children are playing on swing sets. For added safety we recommend a 6' perimeter around your entire set.

The manufacturer reserves the right to change or modify swing sets and accessories without notice, to further enhance child safety and enjoyment.

We recommend checking bolts, lags and other fasteners periodically for tightness.

All products can be finished with water sealer.

Actual color may vary from print color
